

A diagram showing a horizontal cross-section of a wall. The wall is represented by a dark grey rectangular block at the bottom. On top of the wall, there is a white rectangular block with a thin black outline, representing a clear face. Two dark green rectangular blocks are positioned on the top surface of the wall, one on the left and one on the right, partially overlapping the white clear face. The text 'Clear Face' is centered above the white block, and the text 'Wall' is centered below the dark grey block.
